September 8, 2005

The Corporation of the Township of Matachewan, in conjunction with NEOnet and Nortel Mobility, is pleased to announce the successful startup of the new cellular telephone site covering our area. This new service is now available and will provide seamless coverage throughout our region.

On behalf of all the residents, businesses, tourists and everyone else who will benefit from this new coverage area, the Township of Matachewan would like to express our thanks to all those who were involved to ensure the success of this project. Without the efforts of everyone involved, this new technological development would not have been possible.

Happy chatting everyone!

Sincerely,

Reeve and Council  
The Corporation of the Township of Matachewan
