

**THE CORPORATION OF THE
TOWNSHIP OF MATACHEWAN**

PUBLIC NOTICE – ATV's

Due to the continuing problems with speeding, underage operation and damage being caused to roadways and street corners within the Township of Matachewan, Council is considering the revocation of By-Law #2004-03, which regulates the use of ATV's. Every person who contravenes any provision of this By-Law is guilty of an offence under the Provincial Offences Act and could face fines of up to \$5000.00.

According to the By-Law the maximum speed limit for ATV's is 20km/hr. and operators must have a valid drivers license. If you witness any of the above infractions please contact the OPP at 1-888-310-1122. If this problem continues Council may have no other choice but to prohibit ATV's.

Council will be discussing this problem at the upcoming September 18, 2006 regular meeting.

PUBLIC NOTICE - Landfill

We continue to have problems at the Municipal Landfill site. Some individuals are dumping refuse outside of the gates, others are putting improper materials in the clearly marked pits and others are inappropriately accessing the site. If these problems are not rectified immediately, Council will be pressing charges and fines against those responsible.

If a solution is not found, Council may also have to consider further restricting dump hours, instituting tipping fees and/or changing the current lock and gate.

This topic will also be discussed at the upcoming September 18, 2006 regular meeting of Council at 6:00p.m.
