

Matachewan Reunion - 2001

In 2001, the Township of Matachewan held its first Reunion. Present and past members of the community were invited back to Matachewan to experience a weekend's worth of fun and entertainment. The Reunion stretched from Friday June 29 to Monday July 2.

The first night's function was the Wine and Cheese get together. This gave Matachewan residents, past and present, a chance to get together and share memories they have had in the town. Pictures from the night are posted immediately below.

The following day, Saturday June 30, a pageant was held at our beachfront location. Local businesses had the opportunity to sponsor children to compete in the pageant. Crowds of citizens and visitors came out and supported the children. They were entertained by singing, dancing and various other artistic displays. Photos from the pageant are posted immediately below.

The centerpiece of the weekend was the Reunion dinner and awards ceremony. This was a great chance for current residents as well as those of the past to sit down to a great meal and reminisce about the past. We are also very proud to recognize any individuals who have made significant contributions to the community during their time here. Photos from the dinner and awards are posted immediately below.

The final part of Reunion weekend happened with the Canada Day fireworks on July 1, and our annual Canada parade which took place on Monday July 2 this year. We were very happy to see that most of the visitors were able to stay around for the parade, which wound its way through the community and eventually ended up at the beach, where there were games for the children. Photos from these two events are posted immediately below.
