On the First Sunday in May At Noon
Please sound off in Respect Of Past Firefighters

A special time to stope and reflect on the sacrifices made by firefighters is held on the first Sunday in May at noon local time each year when fire siren sound for 30 second followed by a minutes silence in memory of and respect for, all firefighters who have been lost in the line of duty of passed before us

THIS IS KNOWN AS THE SOUND OFF

"The role of a firefighter in today's society - be it urban, rural, natural environment, volunteer, career, industrial, defense force, aviation, motor sport, or other is one of dedication, commitment and sacrifice - no matter what country we reside and work in. In the fire service we fight together against one common enemy - fire - no matter what country we come from, what uniform we wear or what language we speak."

~ Lt JJ Edmondson, 1999

Firefighter dedicate their lives to the protection of life and property, sometimes that dedication is in the form of countless hours volunteered over many years, in others its many selfless years working in the industry.

In all cases it risk the ultimate sacrifice of a firefighters life

International Firefighters Day (IFFD) is a time where the worlds Community can recognize and honour the sacrifices that Firefighters make to ensure that their committees and environment are safes as possible. It is also a day which current and past Firefighters can be thanked for their contributions
