

THE CORPORATION OF THE TOWNSHIP OF MATACHEWAN

BY-LAW 2025-27

**BEING A BY-LAW TO AUTHORIZE THE TOWNSHIP OF MATACHEWAN TO ENTER
INTO AN AGREEMENT WITH DISTRICT OF TIMISKAMING SOCIAL SERVICES
ADMINISTRATION BOARD.**

WHEREAS a municipality has the capacity, rights, powers and privileges of a natural person for the purpose of exercising its authority under this or any other Act. 2001, as amended, (c25)(s9); and

WHEREAS A single-tier municipality may provide any service or thing that the municipality considers necessary or desirable for the public. Municipal Act 2001, as amended, (c25)(s10); and

WHEREAS Emergency Services is in the municipal sphere of jurisdiction, Municipal Act 2001, as amended, (c25)(s.11)(2)(6); and

WHEREAS the Municipality is desirous of entering into an Agreement to provide a Tiered Response for medical calls within the Township of Matachewan;

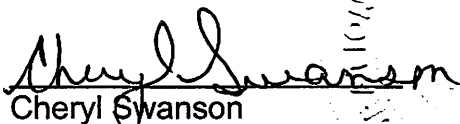

NOW THEREFORE we, the Council of the Corporation of the Township of Matachewan, HEREBY ENACTS AS FOLLOWS:

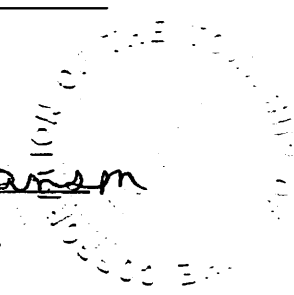

1. **THAT** the Mayor and CAO-Clerk-Treasurer are hereby authorized to execute the Tiered Response Agreement between the Township of Matachewan and District of Timiskaming Social Services Administration Board (attached hereto as Schedule "A").
2. **THAT** all by-laws or resolutions, or parts thereof, inconsistent herewith are hereby repealed.

READ A FIRST AND SECOND AND THIRD TIME this 20th day of August 2025.

READ A THIRD TIME AND FINALLY PASSED this 20th day of August 2025.

Mike Young
Mayor

Cheryl Swanson
CAO/Clerk-Treasurer

THE CORPORATION OF THE TOWNSHIP OF MATACHEWAN

BY-LAW 2025-27

SCHEDULE "A"

Tiered Response Agreement Between

The Corporation for the Township of Matachewan
(Herein know as FD)

and

District of Timiskaming Social Services Administration Board
Paramedic Services
(Herein known as DTSSAB-PS)

Effective date: July 1st, 2025

Expiry Date: June 30th, 2030

Whereas the DTSSAB-PS and the FD wish to enter into a Tiered Response Agreement for the mutual benefit of each service and the betterment of the communities they serve. It is not intended that Tiered Response will place any undue hardship or pressure on either emergency service. Such response is intended to provide a rapid, trained response to the specified situations as listed within this document.

From time to time, this document may require modifications and revisions and will be reviewed annually. However, if there are no revisions brought forward by either party, this agreement shall remain in full force and effect.

This agreement may be cancelled by any of the participating agencies, upon giving three months written notice to the other agency.

Notwithstanding this agreement, both parties agree to abide with all forms of patient confidentiality and agree with all provisions of the Personal Health Information Protection Act.

1 Therefore, the parties agree that within the prescribed areas of response:

1. Activation of Tiered response will include:

- i. Cardiac and or respiratory arrest.
- ii. Unresponsiveness.
- iii. Motor vehicle collisions with injuries.
- iv. At the request of the Paramedics.
- v. Any and all air ambulance helicopter landings within the township.

2 It is recognized that the foregoing becomes the major basis for activation of this agreement. However, it is agreed that should the responding DTSSAB-PS unit not be available or cannot be activated within eight minutes of the receipt of the emergency code 4 response call, the FD will be requested to respond and assist until the DTSSAB-PS unit becomes available and arrives at the scene.

3 It is recognized, acknowledged and understood that the FD may not be in a position to respond to a Tiered Response request when otherwise occupied in the business of the FD or for other reasons as determined by the senior on-duty fire officer.

The North Bay Central Ambulance Communications Centre (CACC) will notify the FD in the event of an emergency that meets the criteria as listed in articles 1 and 2. If at the time of activation, the FD is unable to respond the FD will immediately notify the CACC of this fact, who will relay this information to the responding DTSSAB-PS unit.

- 4 The FD will ensure that firefighters responding to medical calls are certified to a minimum of First Aid and CPR and that such certification is kept current. DTSSAB-PS may be in a position to assist with mandated recertification in order to assist the FD with this requirement. Such arrangements will be discussed where requested and approved if mutually agreed by the DTSSAB-PS Chief and the FD Chief.
- 5 That the FD will respond to medical calls with the sole intention of providing supportive medical care, up to and including First Aid and CPR, and shall not attempt transport patients under any circumstances. If the FD is equipped, trained and certified to provide external defibrillation, the FD agrees to apply such training and equipment as required. At all times, the DTSSAB-PS paramedics will decide if the FD personnel is required for assistance. When FD personnel are not required per Paramedics, they will leave the scene once advised by paramedics.
- 6 DTSSAB-PS agrees to re-supply the FD, at no charge, with expended medical equipment used by the FD in response to activated tiered response calls. Such replacement shall be to the extent of those normally stocked by DTSSAB-PS.
- 7 If situations arise between the parties that require immediate resolution and or investigation the Paramedic Duty Officer is available 24/7 through the Paramedic Operations Line (1-855-846-8911) or North Bay CACC (1-800-573-4327); and may be contacted at any time by the senior on-duty fire officer as the need arises.
- 8 Upon request, FD training aimed at enhancing the cooperation between Fire and Paramedic will be made available by DTSSAB-PS where such training is mutually agreed to be offered by the DTSSAB-PS Chief and the FD Chief. Training may consist of but not limited to,
 - Introduction to Paramedic response
 - Equipment types and locations
 - Stretcher removal and handling
 - Recertification training in First Aid and/or CPR
 - Any additional training deemed beneficial by DTSSAB-PS and Fire Officials.
- 9 There shall be no transfer of liability from one agency to another through this agreement. At no time associated with any FD tiered response call can the FD invoice or require funding in any way for costs associated with providing Paramedic tiered response assistance as outlined in this agreement.
- 10 If available, this agreement shall accompany a resolution or memorandum of understanding from the municipality or municipal council, authorizing and approving participation of the FD in the Tiered Response Agreement.

11 The authorized representative of each partner agency shall sign this agreement.
With attachments as applicable.
